56/0 wide x 53/0 deep
2,200 sq. ft.

"Charm and efficiency were the goal here. Perfectly designed for a cul-de-sac lot, this design truly has it all in a smartly designed package. The kitchen opens to an oversized eating nook as well as the family room. The living room has a vaulted ceiling with a radius window. The den is accessed through double French doors off the entry. Upstairs are three large bedroom suites and a 200 sq. foot bonus
