61/0 wide x 49/0 deep
2,493 sq. ft.

"This is our popular midsize prairie design with the master suite on the main floor. The beautifully detailed prairie exterior comes complete with planter boxes. The bonus room as you can see is very large and has full ceiling height throughout. The family room and kitchen share space with the nook, assuring smooth traffic flow in these vital areas. The three car garage is broken up with innovative exterior styling."
