2,613 sq. ft.

"A striking uphill MSA Prairie design is what you get here. Designed with a view to the front in mind this plan takes advantage of an uphill lot in fine style. The formal living room and dining room are at the front along with the master suite. The family room, open to the kitchen and the back yard are related nicely to the stairway which leads to the two bedroom and giant bonus room upper floor. A three car garage rounds out this design."
