

Plan
M-2631

55/0 wide x 42/0 deep
2,631 sq. ft.

"A Corner lot Transitional... this plan is the perfect solution for a small corner lot. The footprint is compact but this plan suffers no lack of presence. The two story arched brick entry demands respect, as does the generous brick detailing through out this handsome exterior. A four bedroom upper floor caps the perfect flowing lower floor plan."
