46/0 wide x 44/0 deep
2,637 sq. ft.

"Here is a state of the art, Craftsman/Frank Lloyd Wright inspired design. The graceful low pitched gables and large overhangs are elegant as well as practical. This plan comes in either a two or three car garage, with a fourth upstairs bedroom as an option. The floor plan is time tested and works extremely well. We have three other front elevations for this design as this plan has been among our most popular."
